Independent Auditor's Report

Council on Finance and Administration and the Conference Treasurer
The Great Plains Annual Conference of The United Methodist Church

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of The Great Plains Annual Conference of The United Methodist Church, which comprise the consolidated statements of financial position as of December 31, 2016 and 2015, the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements (collectively, the financial statements).

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Great Plains Annual Conference of The United Methodist Church as of December 31, 2016 and 2015, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information on pages 27-33 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The Great Plains Annual Conference of The United Methodist Church

Notes to Consolidated Financial Statements

Note 1. Nature of Organization and Significant Accounting Policies

Nature of organization: The Great Plains Annual Conference of The United Methodist Church and affiliates (the Conference) is a nonprofit organization representing 17 districts, 1,020 local congregations, 215,000 lay people and nearly 900 active elders, deacons, associate members and local pastors in Kansas and Nebraska. On January 1, 2014, the three conferences of Kansas East, Kansas West and Nebraska were legally combined into the Conference as presented in this report.

The Conference provides various services for its member churches, including credentialing, appointment and supervision of clergy; administration of optional health benefits and retirement plans available to member clergy and lay employees; and the collection of funds for remittance to various conferences and regional, national and global ministries. The Conference is primarily supported through apportionments, the use of investment earnings, and charitable contributions. Approximately 46 percent and 58 percent of the Conference's support came from apportionments in 2016 and 2015, respectively. Apportionments are included in mission share revenue on the consolidated statements of activities.

Nature of activities: The program services of the Conference are defined as follows:

Episcopal office: Support the Bishop's office and the offices of 17 district superintendents that oversee clergy deployment.

Clergy excellence: Clergy excellence focuses on the recruitment, credentialing, training and development of clergy leaders for every congregation in the Great Plains Conference.

Congregational excellence: Equip and connect local congregations so that they may become more vital and effective in the mission of the church, which includes specialized areas such as new church development, Hispanic ministries, youth ministries, campus ministries and camping.

Mercy and justice: Assist local congregations in developing ministries to provide mission and outreach services to their communities and to the world.

Other conference ministries: Other conference ministries include all other programs and ministries that do not fall under one of the categories listed above that are either self-sustaining or supported by the above ministries.

Basis of accounting: The Conference uses the accrual method of accounting. The assets and liabilities of the Conference are reported as one of three classes of net assets: unrestricted, temporarily restricted or permanently restricted.

Principles of consolidation: Generally accepted accounting principles require the Conference to consolidate entities in which it has control and an economic interest when that control is evidenced through majority ownership or voting interests. The Great Plains Annual Conference of The United Methodist Church has an economic interest in, and control of, the Great Plains United Methodist New Church Development (NCD), the Great Plains United Methodist Campus Ministry, Inc. (UMCM) and the Great Plains United Methodist Camps, Inc. (CAMP), through voting interests, and consolidation is required. The consolidated financial statements include the accounts of the Conference, the NCD, UMCM and CAMP. All significant intercompany balances and transactions have been eliminated in consolidation.

NCD: NCD works in recruitment and training of new church start pastors and parent congregations, and identifying and prioritizing locations for new start churches throughout the Great Plains Conference.

UMCM: The vision of UMCM is to invite, disciple and equip students so that they may be sent out as transformed leaders who can change the world.

The Great Plains Annual Conference of The United Methodist Church

Notes to Consolidated Financial Statements

Note 1. Nature of Organization and Significant Accounting Policies (Continued)

CAMP: The vision of CAMP is to develop Christian spiritual leaders, provide intentional places apart to encounter God, extend genuine Christian hospitality and community, nurture Christian faith and discipleship, teach Creation care and appreciation, collaborate with the United Methodist churches and agencies, and inspire and equip guests to do love and justice.

Cash and cash equivalents: The Conference considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents. The Conference has excluded cash held in or designated for investment accounts.

Promises to give and pledges receivable: Unconditional promises to give and an allowance for uncollectible amounts, if deemed applicable, are recognized as revenue in the period when the promise is received and recognized either as assets, or decrease of liabilities or expenses, depending on the form of the benefits received. Conditional promises to give are recognized when the conditions on which they depend are substantially met.

Capitalization and depreciation: It is the policy of the Conference to capitalize property and equipment with a cost of \$5,000 or more. Lesser amounts are expensed at the time of purchase or donation. Purchased property and equipment is capitalized at cost, while donated property and equipment is recorded at estimated fair value. Property and equipment is depreciated over its estimated economic life using the straight-line method.

The ranges of estimated useful lives used in computing depreciation for financial statement purposes are as follows:

	Years
Buildings and improvements	10-40
Furniture, fixtures and appliances	3-7
Office equipment	5-7
Vehicles	5

Assets held for sale: Assets held for sale represent land and property contributed to or purchased by the Conference held for future sale, for which no sales contract is currently in place. The contributed assets were recorded at the appraised values on the dates of the gifts, and are measured at the lower of carrying amount, less estimated cost to sell, or fair market value.

Investments: The Conference carries its debt and equity securities at fair value. Market risk could occur and is dependent on the future changes in market prices of the various investments held. Unrealized appreciation or depreciation is reported as an increase or decrease to net assets. Fair values of investments are based on quoted market values (Level 1 measurements) or, in the case of alternative investments, at estimated values provided by the fund managers based on quoted market prices for similar instruments (Level 2), if available, or other valuation methods (Level 3). These estimated values are reviewed by management for reasonableness. See Note 5 for a schedule of fair value measurements.

Due to other organizations: Donations received with donor-placed restrictions specifying that the funds must be paid out to certain other charities are recorded as a liability.

The Great Plains Annual Conference of The United Methodist Church

Notes to Consolidated Financial Statements

Note 1. Nature of Organization and Significant Accounting Policies (Continued)

Contributions: The Conference records contributions, including promises to give (pledges), when the contribution is deemed unconditional. Contributions are reflected in the consolidated financial statements at the earlier of the transfer of assets or at the time the unconditional promise to give is made and are reported as increases in the appropriate category of net assets in accordance with donor restrictions. When a restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statement of activities as net assets released from restrictions.

Pension and health income: The Conference direct bills local churches for a Conference-determined portion of the Clergy Retirement Security Plan/Comprehensive Protection Plan (pension/death and disability) for the clergy. In addition, clergy may enroll in optional benefits, which results in an additional charge to local churches. Pension and health income is recognized in the month it is billed to the local church.

Income taxes: All entities that consolidate into the Conference are nonprofit organizations that are exempt from income taxes under the provisions of section 501(c)(3) of the Internal Revenue Code and do not file income tax returns pursuant to a group exemption.

Uncertain tax provisions, if any, are recorded in accordance with the Financial Accounting Standards Board's *FASB Accounting Standards Codification* (ASC) Topic 740, Income Taxes, which requires the recognition of a liability for tax positions taken that do not meet the more-likely-than-not standard that the position will be sustained upon examination by taxing authorities. There is no liability for uncertain tax positions recorded at December 31, 2016.

Prior to the year ended December 31, 2014, CAMP filed annual Form 990 returns. CAMP no longer files Form 990 returns under the group exemption. Forms 990 previously filed by CAMP are subject to examination by the Internal Revenue Service (IRS) up to three years from the extended due date of each return.

Classification of net assets: The Conference reports information regarding its financial position and activities according to three classes of net assets, defined as follows:

Unrestricted: Unrestricted net assets are neither permanently nor temporarily restricted by donor-imposed stipulations. The Conference may designate portions of its unrestricted net assets as Board-designated for various purposes.

Temporarily restricted: Temporarily restricted net assets result from contributions and other inflows of assets whose use by the Conference is limited by donor-imposed stipulations that either expire with the passage of time or can be fulfilled or otherwise removed by actions of the Conference meeting the purpose of the restriction.

Permanently restricted: Permanently restricted net assets result from contributions and other inflows of assets whose use by the Conference is limited by donor-imposed stipulations that neither expire with the passage of time nor can be fulfilled or otherwise removed by actions of the Conference. Although such assets cannot be expended, the investment income earned on them is generally to be expended for a specific purpose.

Fundraising costs: The Conference expenses fundraising costs as incurred. Total expense for fundraising for the years ended December 31, 2016 and 2015, was \$69,439 and \$51,524, respectively, of which \$57,215 and \$43,580, respectively, is attributable to CAMP.

The Great Plains Annual Conference of The United Methodist Church

Notes to Consolidated Financial Statements

Note 1. Nature of Organization and Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Recent accounting pronouncements: In August 2016, the FASB issued ASU 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*, which simplifies and improves how a not-for-profit organization classifies its net assets, as well as the information it presents in financial statements and notes about its liquidity, financial performance, and cash flows. Among other changes, the ASU replaces the three current classes of net assets with two new classes, "net assets with donor restrictions" and "net assets without donor restrictions", and expands disclosures about the nature and amount of any donor restrictions. The new standard is effective for the Conference on January 1, 2018. The Conference is currently evaluating the impact the adoption of this guidance will have on its consolidated financial statements.

In May 2014, the FASB issued Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers*, which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. This guidance will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective. The new standard is effective for the Conference on January 1, 2019. The standard permits the use of either the retrospective or cumulative effect transition method.

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)*. The guidance in this ASU supersedes the leasing guidance in Topic 840, *Leases*. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. The new standard is effective for fiscal year 2020. A modified retrospective transition approach is required for lessees for capital and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements, with certain practical expedients available. The Conference is currently evaluating the impact of the pending adoption of the new standard on its consolidated financial statements.

Note 2. Receivables

Receivables at December 31, 2016 and 2015, consist of the following:

	2016	2015
Apportionments due from local United Methodist churches	\$ 1,274,223	\$ 1,541,354
Other receivables	216,594	327,994
Total current receivables	<u>\$ 1,490,817</u>	<u>\$ 1,869,348</u>

Apportionments: Amounts due from local United Methodist churches for apportionments consist of payments postmarked during the first five business days in January of the subsequent year for the current fiscal year. The operating budget of the Conference is allocated to its member churches based upon a formula that takes into consideration local church operating income. Local churches are permitted to make payments through the first five business days of each succeeding year. Any apportionment amount not paid at that time is considered uncollectible and is not reflected as revenue or receivable. Therefore, no allowance for doubtful accounts has been recorded at December 31, 2016 and 2015.

Note 3. Pledges Receivable

The Conference receives pledges from donors as a normal part of its operations. At December 31, 2016, estimated payments of pledges receivable for each of the next five years, and thereafter, are as follows:

	<u>Camp Comeca</u>	<u>Camp Fontanelle</u>
Years ending December 31:		
2017	\$ 179,527	\$ 1,500
2018	69,038	1,000
2019	25,500	-
2020	25,000	-
2021	25,000	-
Thereafter	100,000	-
	<u>\$ 424,065</u>	<u>\$ 2,500</u>

Note 4. Investments

The Conference has agreements with the Kansas Area United Methodist Foundation (KAUMF), the Nebraska United Methodist Foundation (NUMF), Union Bank and Wespath in which KAUMF, NUMF and Wespath act as agents and investment managers of the Conference's investments, as well as for other organizations related to The United Methodist Church. These investments are pooled into larger investment funds at KAUMF, NUMF and Wespath. Fund investments consist of approved equity securities, fixed-income and money market instruments in accordance with investment objectives and the Social Principles of The United Methodist Church. Investments at December 31, 2016 and 2015, consist of the following:

Note 5. Fair Value Measurements

The Fair Value Measurements and Disclosures Topic of the ASC defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and requires the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, the topic establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the topic are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the entity has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation of other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair market value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The determination of where an asset or liability falls in the hierarchy requires significant judgment. The Conference evaluates its hierarchy disclosures based on various factors. It is possible that an asset or liability may be classified differently from year to year. However, the Conference expects that changes between the different levels will be rare.

Note 5. Fair Value Measurements (Continued)

Assets recorded at fair value on a recurring basis: A description of the valuation methodologies used for assets on a recurring basis is set forth below.

Investments: Where quoted prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities would include highly liquid government bonds and exchange-traded equities. If quoted market prices are not available, then fair values are estimated using pricing models, quoted prices of securities with similar characteristics, or discounted cash flow. Level 2 securities would include U.S. agency securities; mortgage-backed agency securities; obligations of states and political subdivisions; and certain corporate, asset-backed and other securities.

In certain cases where there is limited activity or transparency around inputs to the valuation, including alternative investments, securities are classified within Level 3 of the valuation hierarchy.

Pooled investments: Pooled investments are valued based on the fair value of securities underlying the pool as determined generally by quoted market prices.

The investments held at the KUAMF are invested in a short-term income pooled fund, fixed-income pooled fund and an equity pooled fund. The underlying investments within these pooled funds are made up of Level 1, Level 2 and Level 3 investments. Because the Conference's investment consists of a portion of the pooled funds, not individual investments, all of the Conference's investments held with KAUMF are classified as Level 3.

The investments held at the NUMF are invested in a balanced pooled fund, long-term growth pooled fund and a conservative pooled fund. The underlying investments within these pooled funds are made up of Level 1 investments. Because the Conference's investment consists of a portion of the pooled funds, not individual investments, all of the Conference's investments held with NUMF are classified as Level 2.

The investments held with Wespah are in a multiple-asset fund, international equity fund, short-term investment fund, U.S. equity fund, inflation protection fund and fixed-income fund. The underlying investments within these pooled funds are made up of Level 1 and Level 2 investments. Because the Conference's investment consists of a portion of the pooled funds, not individual investments, all of the Conference's investments held with Wespah are classified as Level 2.

Assets held for sale: Assets held for sale are valued based on the capitalized cost or independent appraisals.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Conference believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fair Value Measurements (Continued)

ASC 825, Financial Instruments, requires disclosure of the fair value of financial assets and financial liabilities, including those financial assets and financial liabilities that are not measured and reported at fair value on a recurring or nonrecurring basis. Financial instruments are described as cash or contractual obligations or rights to pay or to receive cash. The methodologies for estimating fair value of financial assets and financial liabilities that are measured at fair value on a recurring or nonrecurring basis are discussed above. The fair value approximates carrying value for cash and cash equivalents, receivables, accounts payable, accrued liabilities and other current liabilities due to the short-term maturity of these instruments.

Note 10. Pension, Postretirement Health Insurance and Optional Benefits

The Conference provides the following pension benefit plans for clergy members of the Conference:

Ministers Reserve Pension Fund (MRPF): The MRPF is a multiemployer defined benefit pension plan administered by Wespeth. The fund covers service prior to 1982 for substantially all clergy. The plan name is the Ministers Reserve Pension Fund, and the employee identification number of the plan is 43-0652616. Based on the actuarial projected total liability for current and future pensioners, this plan is presently fully funded. Therefore, the Conference was not required to pay and did not pay any contributions into the MRPF during the years ended December 31, 2016 and 2015.

	Total Plan Net Assets	Present Value of Accumulated Plan Benefits	Total Contributions	Funded Status
January 1, 2016	\$ 2,274,682,824	\$ 2,169,401,928	\$ -	Over 100% funded
January 1, 2015	2,455,880,058	2,150,476,871	-	Over 100% funded

Ministerial Pension Plan (MPP): The MPP is a multiemployer defined contribution pension plan administered by Wespeth. This plan covers service subsequent to 1981 and prior to 2007 for substantially all clergy. The plan name is the Ministerial Pension Plan, and the employee identification number of the plan is 43-0652616. The plan requires the Conference to contribute 12 percent of each participant's compensation limited to the denominational average compensation. Based on the actuarial projected total liability for current and future pensioners, this plan is presently fully funded. Therefore, the Conference was not required to pay and did not pay any contributions into the MPP during the years ended December 31, 2016 and 2015.

Clergy Retirement Security Plan (CRSP): For service subsequent to 2006, Conference clergy members and local pastors under Episcopal appointment are eligible for pension coverage under the CRSP. The CRSP is a multiemployer plan providing a combination of defined benefits and defined contributions. The plan name is the Clergy Retirement Security Plan, and the employee identification number of the plan is 43-0652616. The defined contribution is 3 percent of the clergy's plan compensation. The defined benefit is 1.25 percent of the denomination average compensation times the number of service years accrued under the CRSP. The Conference contributed \$1,316,215 and \$1,309,836 in 2016 and 2015, respectively, for the defined contribution portion of the CRSP. In 2016 and 2015, \$3,304,044 and \$3,415,424, respectively, was transferred from the Conference's share of the MRPF.

	Total Plan Net Assets	Present Value of Accumulated Plan Benefits	Total Contributions	Funded Status
January 1, 2016	\$ 1,530,170,830	\$ 1,422,046,473	\$ 1,316,215	Over 100% funded
January 1, 2015	1,407,186,760	1,270,841,693	1,309,836	Over 100% funded

Comprehensive Protection Plan (CPP): Certain clergy members of the Conference are provided disability and death benefits as well as certain minimum benefits related to pension coverage through participation in the CPP. During 2016 and 2015, the Conference paid \$1,303,963 and \$1,302,417, respectively, into the CPP.

Personal Investment Plan: Conference and local church personnel are eligible to participate in a defined contribution plan administered by Wespath. Contributions are limited by the Internal Revenue Code requirements for section 403(b) plans. No contributions are made to the plan by the Conference, as participants contribute to the plan directly.

Clergy benefit expense is presented net of the amounts billed to member churches and clergy in the accompanying consolidated financial statements.

Postretirement benefits: The Conference sponsors a postretirement health benefit plan for all retired clergy and lay employees of the former Nebraska conference that meet eligibility requirements as of December 31, 2013. Any Nebraska clergy retired by December 31, 2019, will be able to participate in the plan. Any Nebraska clergy that retires after December 31, 2019, will be ineligible to participate in the plan.

Significant balances, costs and assumptions are as follows:

Note 10. Pension, Postretirement Health Insurance and Optional Benefits (Continued)

The following actuarial assumptions were used in the valuation of the postretirement obligation as of December 31, 2016 and 2015:

- Termination table T-3 was used for clergy and termination table T-7 was used for lay employees.
- Actual spouse information was used for current retired participants. For current active participants, 80 percent are assumed to be married at retirement, with males assumed to be three years older than females.
- 100 percent of eligible active participants are assumed to elect coverage at retirement.
- Post-age 64 HRA contribution max of \$4,000 annual per person cost. The post-age 64 HRA contribution is dependent on the year of retirement and service at retirement.
- The HRA contribution is not assumed to increase.
- Estimated taxes were not included in the valuation due to the commitment of the plan sponsor to ensure the cost of the coverage remains below the excise tax limits.

Weighted-average assumptions used to determine benefit obligations are as follows:

	2016	2015
Discount rate	3.55%	3.60%
Mortality table	RP 2014 Generational	RP 2014 Generational
Measurement date	December 31, 2016	December 31, 2015

In accordance with ASC Topic 715, Compensation—Retirement Benefits, the Conference has recognized the overfunded status of a defined benefit postretirement plan as an asset in the consolidated statements of financial position and has recognized changes in that funded status in the year in which the changes in unrestricted net assets occur. The plan's benefit obligations are measured as of December 31, 2016 and 2015.

The following are the plan's assets by category as of December 31, 2016 and 2015 (the measurement dates of the plan assets):

Optional benefits: For the year ended December 31, 2014, clergy with 75 percent or full-time appointment in local churches were offered group health insurance through the Conference. Beginning January 1, 2015, the Conference no longer offered health insurance to clergy appointed to local churches. Instead of group health insurance, clergy at 75 percent or full-time appointment were given a health care allowance (as taxable income) by their church(es) to purchase health insurance as they deemed appropriate. The Conference continues to offer group health insurance to its employees as required by law. The Conference offers, to clergy in local churches and Conference staff, optional benefits that include dental, vision, life insurance, critical illness and accident insurance.

The Great Plains Annual Conference of The United Methodist Church**Notes to Consolidated Financial Statements**

Note 11. Related Parties

The Kansas Area United Methodist Foundation holds and reinvests investments and holds notes payable from the Conference, as well as other United Methodist local churches (see Note 8). Trustees of KAUMF are elected by the Conference. The fair values of Conference investments held with KAUMF as of December 31, 2016 and 2015, were \$1,322,077 and \$1,341,747, respectively, of the investments presented in the consolidated financial statements.

Note 12. Endowments

Interpretation of relevant law: The Conference's endowments consist of funds permanently restricted by donors. The Conference has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as adopted by the State of Kansas to be applicable to the Conference. In accordance with this, the Conference classifies as permanently restricted net assets (a) the fair value of gifts donated to the permanent endowment, (b) the original fair value of subsequent gifts donated to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the instructions of the applicable donor gift instrument. The Conference also considers the following factors in determining whether to expend or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purpose of the Conference and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation or deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the Conference
7. The investment policies of the Conference

Investments and spending policies: The Conference has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding for programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets are invested in a manner that is intended to produce positive results while assuming a moderate to conservative investment risk. The Conference relies on a total return strategy in which returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The spending policy of the earnings on the endowment is determined by the respective boards charged with overseeing the particular fund.

Note 16. Concentrations

There was a significant concentration in apportionment revenue from one church, which represented approximately 14 percent and 13 percent of the total apportionments received for the years ended December 31, 2016 and 2015, respectively.

Note 17. Subsequent Events

Management has evaluated subsequent events through July 17, 2017, the date the consolidated financial statements were available to be issued. On January 1, 2017, Camp Lakeside merged with CAMP. At the Annual Conference session held in June 2017, it was approved to combine Lincoln, Wichita and Topeka Conference office buildings into one building. The combined building is to be located in Topeka, Kansas, with relocation expected to occur on or before December 31, 2018.
